Homecoming Recap

Figure 1: ASSE members after winning the Digger Olympics.

ASSE did a great job this year in the homecoming events as we secured a second place spot overall. This win put more funds in our pocket that we will be able to spend on more fun events for the club. We had a great overall turnout of club members participating in each event. A huge thanks to all that helped out with each event as it helped place us in the top two.

Recent Events

Members of ASSE as well as OSH/IH students recently spent three days in Spokane, WA participating in the Northwest Occupational Health Conference. Some of our own students as well as faculty had the opportunity to speak at this conference regarding industrial hygiene. On top of that, four students received scholarships from the American Industrial Hygiene Association. We would like to congratulate each of the winners:

- Griff Warner
- Ryan Stemple
- Shayla Mack
- Callan Daly
